# What is OxygenPreneurs™

**An OxygenPreneur is more than a distributor. You are:**

- **A local health ambassador** in your city or town
- **A territory owner** with exclusive product rights
- **A business leader** trained in sales, CRM, and product knowledge
- **An equity holder in Diatomic Healthcare** through CCPS shares

## Why India Needs OxygenPreneurs

**India Has an Oxygen Crisis.  
You Can Be the Solution.**

- Millions across India suffer from oxygen deficiency due to chronic illness, pollution, and lack of access. **Ox66®**, a revolutionary American innovation, is the world's first solid oxygen — ingestible, safe, portable, and powerful.
- **The OxygenPreneur** program is your opportunity to be part of this life-saving movement by combining **healthcare, entrepreneurship, and equity.**

# The Breakthrough Product

## Meet Ox66® — The World's First Solid Oxygen

- **100% safe**, US -patented and **FDA-GRAS approved**
- **Delivers oxygen directly** to your bloodstream
- **Supports recovery** in conditions like **COPD, ILD, PCOS, asthma, cancer fatigue, altitude sickness** & more
- Used by **sportspeople, armed forces, senior citizens, and wellness seekers**
- **Available in: Capsules, Topical Spray, Mist, and Serums**

# Why join the Program

## You get :

- Exclusive **sales territory**
- Legally-backed equity via **CCPS investment**
- **Startup kit** (with brochures, merchandise, CRM-enabled tablet)
- **Product inventory** based on investment slab
- **Business training** & onboarding support
- **Continuous backend CRM** + marketing assistance

# Investment Slabs

## with territory qualifications

- ₹4 Lakh – For small towns or Tier 3 cities (up to 2 lakh population)
- ₹7.5 Lakh – For Tier 2 cities or entire districts (2–10 lakh population)
- ₹12 Lakh – For mid-sized Tier 2 cities or city + nearby cluster (10–20 lakh population)

## FAQ's

1

### What is Ox66®?

Ox66® is a patented, ingestible solid-form of oxygen developed to safely supplement oxygen levels in the human body without the need for cylinders or tanks. It is approved in the USA as a dietary supplement and is being introduced in India under the novel food category.

2

### What is CCPS and how is my investment secured?

CCPS stands for Compulsorily Convertible Preference Shares. It is a legal equity instrument that converts into company shares after a pre-defined period or event (like funding round, IPO, etc.). Your investment is backed by shares in Diatomic Healthcare and documented via official legal agreements.

3

### Who can become an OxygenPreneur™?

Any individual above 21 years of age with a passion for healthcare, wellness, or entrepreneurship and a minimum investable amount of ₹4 lakhs can apply. Prior business experience is not mandatory. Training and CRM tools are provided.

4

### What does the kit include?

- Branded tablet with CRM and training modules • Ox66® sample products • Business cards, brochures, T-shirt, cap ( one time ) • Two live training sessions
- Access to ongoing webinars and updates

5

### Can I choose my own city?

Yes. Territory rights are assigned based on investment level and availability. Early applicants get priority in selecting their cities or regions. Each territory is exclusive and mapped carefully to avoid overlap.
